

INFORMATION LETTER

The State Institution International University of Tourism and Entrepreneurship of Tajikistan on April 17, 2026, plans to hold an International Scientific and Practical Conference on the topic: "**MODERN METHODS OF LEARNING FOREIGN LANGUAGES IN THE CONTEXT OF THE DEVELOPMENT OF DIGITAL TECHNOLOGIES AND ARTIFICIAL INTELLIGENCE**" within the framework of the International Forum "Cooperation for Sustainable Development: Green, Digital, Intelligent" (IUTET, April 14-18, 2026).

Representatives of relevant ministries and agencies, scientific and higher educational institutions, international organizations, as well as scientists, expert and researchers are invited to participate in the conference.

The conference will focus on the following key topics:

-Current issues in foreign language learning in the Republic of Tajikistan: ways to improve and develop methodologies, modern practices and the need to develop programs that meet the needs of society.

-The role of the Leader of the Nation in developing language learning policy and strengthening the status of foreign languages in the country's education and science system.

- Foreign languages as a means of expanding international cooperation in the fields of tourism and entrepreneurship: a review of the needs and practical achievements of the field.

-The impact of digitalization and digital technologies on foreign language learning methods: the use of online platforms, educational programs and strengthening language skills in a digital environment.

-Issues of scientific and professional translation in modern times: translation of official, scientific and public documents, problems and their solutions.

-Foreign languages and the development of a green economy: the role of languages in promoting sustainable development goals, the presentation of natural resources and international cooperation in the environmental sector.

-The role of foreign languages in the implementation of the "International Decade of Action "Water for Sustainable Development 2018-2028": promoting water diplomacy and language learning for cooperation with foreign partners.

-Language learning and exact sciences: the role of foreign languages in the study of natural and technical sciences within the framework of the "20-year plan for the study of natural, exact and mathematical sciences in science and education (2020-2040)".

- Language and intercultural communication: the development of skills for effective communication with foreigners, tolerance and intercultural understanding through language learning.

- The role of philology and linguistics in the development of foreign language teaching and training of competitive personnel in the international market.

- Foreign language learning as an important factor in the development of international tourism in Tajikistan: the language of service, translation and promotion.

- The role of a foreign language in the development of entrepreneurship: how knowledge of foreign languages contributes to the development of innovative entrepreneurship, e-commerce and entry into foreign markets.
